

ROCHESTER SCHOOL

NEWSLETTER

JANUARY 10, 2024

1.

January

The end of January signals the halfway point of the school year. It also means that term one report cards will be completed by the end of the month. To help complete report cards and inform our teaching progress, students will complete numerous assessments, especially in literacy and numeracy. While students may feel some stress related to the assessments, please encourage them not to panic; they help us plan our teaching.
