#anexceptionalplacetobe

We have had a great first 3 weeks of school. Rochester STEAM Academy started up and we have students cake decorating, learning gymnastics, working on art and woodworking as well as building with Lego. Students have also started planning their first STEAM Project; a project focused on their own individual passions and interests.

HIGHLIGHTS

Kindergarten

Kindergarten started September 5 and it needed to be celebrated with some confetti! The kindergarten students are in the same class as the grades 1 to 3 students. Their day is full of learning as well as fun!

PEW PEW

Every morning, students start their day with some physical activity. This starts our brains working, being ready for learning, AND it is fun!

4.

HOW TO GET INVOLVED?

We are always looking for volunteers. Specifically, we are looking for volunteers for our weekly hot lunch program (on Fridays), people willing to pick up packages for us in Athabasca, and volunteers interested in changing the sign on the highway. Feel free to contact the office if you are interested in helping out!
